

ASX RELEASE

8 June 2010

**Launch of TAB ACTIVE Information Service
in Queensland and South Australia**

Two Way Limited announces that its TAB ACTIVE interactive TV service is now live in Queensland and South Australia.

The service is available to viewers of all three Sky Racing channels on the FOXTEL and Optus TV platforms. With the simple press of the red button, the service provides detailed information on all thoroughbred, harness and greyhound race meetings on which UNiTAB is conducting wagering on that day. A full form guide is available, together with details on UNiTAB dividends, tote pools and results. The service also informs viewers which race is next being broadcast by Sky Racing, and on which channel, ensuring that viewers never miss a race.

The service also includes prominent on-screen responsible gambling messages.

At this stage, UNiTAB account holders will not be able to use the service to log in to their UNiTAB Telebet accounts, or to place bets. Government regulatory approval for UNiTAB customers is pending.

Mr Ben Reichel, Chief Executive Officer and Managing Director, said "This is the first time that our interactive TV service has gone live outside NSW and Victoria. We are very pleased to give UNiTAB customers in Queensland and South Australia a taste of this highly convenient and easy to use wagering service.

"While we are frustrated with the extensive delays that we have experienced in offering the full betting service to UNiTAB customers, we are working patiently through the issues. We hope that punters in Queensland and South Australia will soon be able to enjoy the full service that is currently available to punters in NSW and Victoria, and which will soon be available in Western Australia."
