CHAIRMAN'S LETTER

Dear Shareholder,

I am pleased to offer you a new opportunity to add to your investment in Two Way Limited (the Company) as the Company continues on an exciting phase of commercialisation of its technology.

The share offer (enclosed) is a fully underwritten non-renounceable pro rata rights issue to existing shareholders on the basis of one new share for each six shares held on the record date, at a price of 4 cents per new share.

The issue will raise approximately \$1.09 million before costs of the issue. These funds will be used as working capital as the Company continues to develop, roll out and promote its TV wagering service.

The offer is fully underwritten by Bell Potter Securities Limited. Several Directors (or related companies of the Directors) have also committed to apply for their entitlements under the Offer and to sub-underwrite a portion of any Shortfall Shares not otherwise applied for by eligible shareholders.

Your Company continues to make good progress with its strategy. The Company has successfully launched its TV wagering service in Victoria in April 2008 and in New South Wales in October 2008. The service has recently been rebranded as TAB ACTIVE, which provides immediate recognition that it is a TAB betting service. A new marketing campaign has commenced to take full advantage of the Spring Racing Carnival. The marketing campaign features new commercials on TV, radio, print and online, together with a direct mail-out to TAB account holders and FOXTEL subscribers.

The Company continues to implement its plan to roll out the service across Australia. Two Memoranda of Understanding have been signed to expand the TV wagering service to Queensland, South Australia, and Western Australia. Formal regulatory approval has been granted in Western Australia, and the Company has completed the technical work required to deploy the service in additional jurisdictions. The Board continues to believe that a national deployment of the TV wagering service offers significant potential for growth.

The Company also continues to promote its Way2Bet online and mobile wagering portal, and its Way2Play interactive TV and online games services.

I encourage you to read all of the information enclosed with this letter in relation to the pro-rata issue. If you have any queries, please consult your financial adviser.

I welcome your continued support of Two Way at this important stage of the Company's development.

Yours faithfully

Stuart McGregor
Chairman

The Offer is fully underwritten by Bell Potter Securities Limited. Several of the Directors have also committed to sub-underwrite the Offer. Details are set out in sections 5.2 and 5.4 of this Offer Document.

1.3 Entitlement and acceptance

The entitlement of Eligible Shareholders to participate in the Offer was determined on the Record Date. The Entitlement and Acceptance Form enclosed with this Offer Document shows your entitlement.

This Offer may be accepted in whole or in part. Eligible Shareholders who take up their full entitlement may also apply for New Shares that are not subscribed for in the Offer (**Shortfall Shares**).

Detailed instructions on how to accept all or part of your entitlement are set out in section 2.

If you choose not to accept your entitlement under the Offer, then your shareholding in the Company will be diluted to the extent that the Offer is taken up by other Shareholders (including several of the Directors under their sub-underwriting described in section 5.4) or by the Underwriter.

1.4 No trading of entitlements

This Offer is made on a non-renounceable basis. Eligible Shareholders may not trade their rights to New Shares under the Offer and may not renounce, sell, transfer or deal with all or any part of their rights and entitlements to New Shares which they do not wish to accept. If you do not take up your entitlement to New Shares under the Offer by the Closing Date, the Offer to you will lapse and the Underwriter will take up or allocate your entitlement.

1.5 Opening and Closing Dates

The Company will accept Entitlement and Acceptance Forms until 5:00pm Sydney time [AEDT] on the Closing Date or such later date as the Directors in their absolute discretion determine, subject to the requirements of the Listing Rules.

1.6 Allotment and allocation

The allotment of New Shares to Applicants is expected to occur in accordance with the timetable in section 1.2. It is the responsibility of Applicants to determine their allocation prior to trading in New Shares. Applicants who sell New Shares before they receive their new holding statements following the issue of New Shares to them will do so at their own risk.

Pending the allotment of the New Shares or return of Application Monies, the Application Monies will be held in trust for the Applicants. No interest will be paid on any Application Monies received or refunded.

1.7 Acceptance

If you decide to take up all or part of your entitlement, or apply for Shortfall Shares, please complete and return the Entitlement and Acceptance Form with the requisite Application Monies or pay your Application Monies via BPAY by following the instructions set out in section 2 and on the Entitlement and Acceptance Form.

The Company will treat you as applying for as many New Shares as your payment will pay for in full, subject to any scale-back it may determine to implement in respect of Shortfall Shares. Amounts received by the Company in excess of your Entitlement may be treated as an application to apply for as many Shortfall Shares as your excess payment will pay for in full.

Any Application Monies received for more than your final allocation of New Shares and Shortfall Shares will be returned to you. No interest will be paid on any Application Monies received or refunded.

1.8 ASX official quotation of New Shares

The Company will apply to ASX for official quotation of the New Shares. If ASX does not grant permission for official quotation of the New Shares, all Application Monies will be returned, without interest, as soon as practicable.

1.9 CHESS

The Company participates in the Clearing House Electronic Subregister System (**CHESS**) operated by ASX Settlement and Transfer Corporation Pty Ltd (**ASTC**), a wholly owned subsidiary of ASX, in accordance with the Listing Rules and the ASTC Settlement Rules.

Under CHESS, the Company will not issue certificates to Applicants. Instead, Applicants will receive a statement of their holdings in the Company of New Shares.

If the Applicant is broker sponsored, the ASTC will send them a CHESS statement.

The CHESS statement will set out the number of New Shares issued under this Offer Document, provide the details of a Shareholder's holder identification number, the participant identification number of the sponsor and the terms and conditions applicable to the New Shares.

If you are registered on the issuer sponsored sub-register, your statement will be dispatched by the Share Registry and will contain the number of New Shares issued to you under this Offer Document and your security reference number.

A CHESS statement or issuer sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their shareholding changes. Shareholders may request a statement at any other time, however a charge may apply for additional statements.

1.10 Overseas Shareholders

The Company has decided that it is unreasonable to make the Offer to Shareholders who have a registered address in a country outside of Australia and New Zealand, having regard to the number of Shareholders in such places, the number and value of the New Shares they would be offered and the substantial costs of complying with the legal and regulatory requirements in those jurisdictions.

No Offer will be made to a Shareholder with a registered address outside of Australia or New Zealand.

However, in compliance with Listing Rule 7.7, the Company will send each Foreign Shareholder details of this Offer and advise them that the Company will not offer New Shares to them.

New Shares to which any Shareholder with a registered address outside of Australia or New Zealand would otherwise be entitled will be available for Eligible Shareholders to apply for as Shortfall Shares and, to the extent not taken up as Shortfall Shares, are underwritten.

1.11 Risk Factors

An investment in New Shares should be regarded as speculative. In addition to the general risks applicable to all investments in listed securities, there are specific risks associated with an investment in the Company which are outlined in section 4 of this Offer Document.

1.12 Taxation Implications

The taxation consequences of any investment in New Shares will depend upon the investor's particular circumstances. The Directors do not consider it appropriate to give Shareholders advice regarding such consequences. Shareholders should consult their professional advisers in connection with subscribing for New Shares.

The New Shares not subscribed for by Eligible Shareholders will be available for Eligible Shareholders to apply for as Shortfall Shares, and to the extent not taken up as Shortfall Shares will form part of the shortfall issued to the Underwriter or its nominee and will be allocated on a pro-rata basis to sub-underwriters that include several of the Directors (or their related companies) under their sub-underwriting described in section 5.4.

3. PURPOSE OF THE OFFER AND USE OF PROCEEDS

The purpose of the Offer is to provide working capital as the Company continues to develop, roll out and promote its TV wagering service.

4. RISK FACTORS

An investment in the Company has risks, and there are many factors which may affect the future performance of the Company. These risks are both specific to the Company, and also relate to the general business and economic environment. Eligible Shareholders should consider the risk factors described in this section carefully, together with the information contained elsewhere in this Offer Document, before deciding whether to accept the New Shares, as they may adversely affect the value of the Company's assets and Shares.

The risk factors set out below should not be taken as an exhaustive list of the risk factors to which the Company and its Shareholders are exposed. The Company can mitigate some of these risks by the use of appropriate safeguards and commercial action, but some are outside the control of the Company and cannot be mitigated.

The main risks include, but are not limited to, those set out below.

A. Specific Investment Risks

4.1 Regulatory Approvals

The Company will require government regulatory approvals for its TV wagering service in those Australian states and territories in which the service is yet to be launched, and will need to comply with those approvals and other applicable laws, regulations and policies. This may from time to time affect the timing of launch of the TV wagering service in each jurisdiction, and the subsequent revenue flows.

4.2 Early Stage of Commercialisation

The Company launched its TV wagering service in Victoria in April 2008, and in New South Wales in October 2008. Therefore the service has been operating for less than 18 months in those States, and has not yet commenced operating in any other jurisdiction. It is not possible to predict with certainty how quickly or how far the revenues from the service will grow.

4.3 No Profit to Date

The Company has incurred operating losses since its inception, and it is therefore not possible to evaluate its prospects based on past performance. No assurances can be given that Two Way will achieve commercial viability through the successful expansion of its TV wagering service. Until Two Way is able to generate increased revenues from this technology, it is likely to incur ongoing operational losses.

4.4 Future Capital Needs

While Directors are satisfied that upon completion of the Offer the Company will have sufficient capital to meet its stated objectives, further funding may be required to support ongoing activities and operations. There can be no assurance that alternative funding will be available on satisfactory terms, or at all. Any inability to obtain funding will adversely affect the business and financial condition of the Company and, consequently, its performance.

4.4 Unforeseen Expenditure Risk

Expenditure may need to be incurred that has not been taken into account in the preparation of this Document. Although the Company is not aware of any such additional expenditure requirements, if such expenditure is subsequently incurred, this may adversely affect the financial position of the Company.

4.5 Insurance

The Company will endeavour to have insurance in place considered appropriate for the Company's needs. The Company will not be insured against all possible losses, whether because of the unavailability of cover or because the premiums may be excessive relative to the benefits that would accrue. The Directors will continue to review the insurance cover in place to ensure that it is adequate.

B. General Investment Risks

4.6 Share Market

Share market conditions may affect the listed Shares regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- economic conditions and general economic outlook;
- changes in Australian and international stock markets;
- interest rates and inflation rates;
- currency fluctuations;
- changes in investor sentiment towards particular market sectors;
- taxation, government and monetary policies;
- the demand for, and supply of capital; and
- war, terrorism or other hostilities.

4.7 Economic Factors

Factors such as inflation, currency fluctuation, interest rates, supply and demand and industrial disruption have an impact on operating costs, commodity prices and stock market prices. The Company's future possible profitability and the market price of its quoted Shares can be affected by these factors, which are beyond the control of the Company and its Directors.

4.8 Government

Changes in Government, monetary policies, taxation and other laws can have a significant influence on the outlook for companies and the returns to investors. This is particularly the case in highly regulated industries, such as wagering and media.

4.9 Financial Default

The financial failure by any participant in a contractual arrangement to which the Company is a party may have a significant and adverse impact on the Company.

4.10 Investment Risk

The New Shares issued pursuant to this Offer Document should be considered speculative. They carry no guarantee as to payment of dividends, return of capital or the market value of New Shares. The prices at which an investor may be able to trade the New Shares may be above or below the Offer price paid for

New Shares. Prospective investors must make their own assessment of the likely risks and determine whether an investment in the Company is appropriate for their own circumstances.

5. ADDITIONAL INFORMATION

5.1 New Zealand shareholders

The Offer made under this Offer Document is being made to New Zealand resident shareholders under the Securities Act (Overseas Companies) Exemption Notice 2002 ("**Exemption Notice**"). Pursuant to the Exemption Notice, the Company is not required to comply with certain provisions of the Securities Act 1978 and the Securities Regulations 1983 in respect of the Offer. In particular, the Company is not required to register a New Zealand prospectus or prepare and distribute a New Zealand investment statement to New Zealand resident shareholders in respect of the Offer.

If appropriate, you should seek professional financial, taxation and legal advice from your accountant, stockbroker, lawyer or other professional adviser before deciding to invest in the Offer.

5.2 Underwriting

The Company has entered into an underwriting agreement with Bell Potter Securities Limited (**Underwriter**) who have agreed to fully underwrite the Offer.

The Underwriter is entitled to an underwriting commission of 4% and a management fee of 1% calculated on the total funds underwritten under the Offer. Additionally, the Company must pay or reimburse the Underwriter for its reasonable costs, professional fees and expenses in relation (and incidental to) the Offer.

The Underwriter may appoint sub-underwriters to sub-underwrite the Offer. The Underwriter is responsible for paying all fees and commissions due to sub-underwriters and brokers appointed by the Underwriter in respect of the underwriting of the Offer.

Under the terms of the underwriting agreement:

- the Company has agreed to indemnify the Underwriter and its related bodies corporate and their respective directors, officers, employees, affiliates and agents against losses they may suffer in connection with the Offer;
- the Company is precluded for a period of 3 months from changing its capital without the Underwriter's consent, including by issuing securities or reorganising its capital;
- the Underwriter may, at any time prior to completion of the offer, terminate the underwriting agreement and be released from their obligations under it on the occurrence of certain events, including if:
 - the Company fails to remedy any material breach of the underwriting agreement or any warranty or representation by the Company under the underwriting agreement is or becomes materially untrue;
 - the Company's Shares are suspended from trading on ASX or the ASX does not approve or withdraws any approval to the quotation of the New Shares;
 - any event specified in the Offer timetable does not occur within 14 days after the date specified for that event;
 - an officer or senior manager of the Company or a subsidiary of the Company resigns or is removed from office or is charged with or convicted of a criminal offence or becomes a bankrupt, or steps are taken to achieve such an outcome;

- the All Ordinaries Index is 10% or more below its level as at the close of trading immediately preceding the date of the underwriting agreement or the S&P/ASX Small Ordinaries Index is 10% or more below its level as at the close of trading immediately preceding the date of the underwriting agreement;
- the indicator rate for bonds issued by the Commonwealth of Australia, which have a term of three or ten years, rises 1.0% or more above the rate published in the Australian Financial Review on the date of the underwriting agreement;
- there are changes which have a materially adverse impact on the operations of the Company or a subsidiary of the Company or the industries in which they operate;
- there are changes in law or policy which may have a materially adverse effect on the Offer or the Company, including in relation to the withdrawal of any regulatory approval for the Company's TV wagering service; and
- there are adverse changes in the political conditions of Australia, Japan, any member country of the European Union, the United States of America, Russia, Indonesia, Peoples' Republic of China, New Zealand, Taiwan, Singapore or Malaysia, including an outbreak of new hostilities or a state of war, an escalation of existing hostilities, or a threat of terrorist act which may have a materially adverse effect on the Offer or the Company.

5.3 Disclaimer by Underwriter

The Underwriter has not been involved in the preparation of this Offer Document and takes no responsibility for its contents.

5.4 Sub-underwriting by Directors

The Directors and related companies of certain Directors set out in the following table have entered into an agreement with the Underwriter to take a sub-underwriting position up to the amounts specified in the following table. In the event of a shortfall, each Director set out below will subscribe for a percentage of the Shortfall as set out below, up to the maximum number of New Shares set out below.

Director or related company	Max. \$ Amount	Max. No. of New Shares	% of Shortfall
Stacam Pty Ltd (Stuart McGregor, Chairman)	\$5,000	125,000	0.458%
Ben Reichel (Managing Director)	\$10,000	250,000	0.916%
Chris Grant - Foster (Non-Executive Director)	\$3,000	75,000	0.275%
Total	\$18,000	450,000	1.649%

The Directors (or their related companies) are not receiving a fee for providing sub-underwriting nor are there terms that would entitle them to terminate their commitments to sub-underwrite.

5.5 Effect of the Offer on control of the Company

The potential effect the Offer will have on the control of the Company is as follows:

- (a) if all Eligible Shareholders take up their entitlement, each Eligible Shareholder's percentage interest in the total issued shares of the Company will remain the same and will not be diluted; and
- (b) if some but not all Eligible Shareholders take up their entitlement, and the shortfall is taken up by other Eligible Shareholders as Shortfall Shares or under the underwriting arrangement, the percentage interest in the total issued Shares of each Eligible Shareholder who does not take up their entitlement will be diluted and the percentage interest of the total issued Shares of each Eligible Shareholder who does take up their entitlement will remain the same and will increase if they take up Shortfall Shares. The precise level of change in the percentage interests will depend on the take up of entitlements.

It is not expected that the Offer will have any material effect on control of the Company.

The capital structure of the Company on completion of the Offer will be as follows (assuming none of the Options currently on issue are exercised before the Record Date):

(a)	Shares currently on issue	163,788,135
(b)	Shares offered under the Offer (estimated)	27,298,022
(c)	Total shares on issue on completion of the Offer (est)	191,086,057

Two Way Limited

ACN 007 424 777

RIGHTS ISSUE CLEANSING NOTICE

24 September 2009

Two Way Limited (Company) will make a non-renounceable pro-rata rights offer to shareholders who are registered at 5.00pm AEST on 2 October 2009 (**Record Date**) and who have registered addresses in Australia or New Zealand (**Eligible Shareholders**) of up to 27,298,022 fully paid ordinary shares each at an issue price of \$0.04 to raise approximately \$1,091,921 (before expenses) on the basis of 1 Share for every 6 Shares held (**Offer**).

Shareholders with registered addresses outside of Australia and New Zealand (**Non-Resident Shareholders**) are not entitled to participate in the Offer. The Company has determined, in accordance with the *Corporations Act 2001 (Act)* and Rule 7.7 of the Listing Rules of ASX Limited (**Rules**) that it would be unreasonable to make the offer to Non-Resident Shareholders having regard to the number of Non-Resident Shareholders in each country other than Australia and New Zealand, the number and value of the shares that would be offered to them and the cost of complying with the legal requirements in countries other than Australia and New Zealand.

An Offer Document, a copy of which has been lodged with this notice, will be sent to Eligible Shareholders together with an entitlement and acceptance form.

The Company gives notice under section 708AA(2)(f) of the Act of the following.

1. The Company will offer the Shares for issue without disclosure to investors under Part 6D.2 of the Act.
2. The Company is providing this notice under s708AA(2)(f) of the Act.

 - (a) the provisions of Chapter 2M of the Act as they apply to the Company; and
 - (b) section 674 of the Act.
4. As at the date of this notice, there is no information:
 - (a) that has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules; and
 - (b) that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; or
 - (ii) the rights and liabilities attaching to the Shares.

5. The potential effect the issue of the shares under the Offer will have on the control of the Company is as follows:
- (a) if all Eligible Shareholders take up their entitlement, each Eligible Shareholder's percentage interest in the total issued shares of the Company will remain the same and will not be diluted; and
 - (b) if some but not all Eligible Shareholders take up their entitlement, and the Shortfall is taken up by other Eligible Shareholders as Shortfall Shares or under the underwriting agreement, the percentage interest in the total issued Shares of each Eligible Shareholder who does not take up their entitlement will be diluted and the percentage interest of the total issued Shares of each Eligible Shareholder who does take up their entitlement will remain the same and will increase if they take up Shortfall Shares. The precise level of change in the percentage interests will depend on the take up of entitlements.

It is not expected that the Offer will have any material effect on control of the Company.

6. The capital structure of the Company on completion of the Offer will be as follows (assuming none of the Options currently on issue are exercised before the Record Date):
- (a) Shares currently on issue 163,788,135
 - (b) Shares offered under the Offer (estimated) 27,298,022
 - (c) Total shares on issue on completion of the Offer (est) 191,086,157
